Attendance: 10 Youth and 4 Adults (see below)

Summary:

Seven High School youth, one 4th grader and two adults from Christ The King had an extremely good time at cosmic bowling. The objective was to have a fun evening of fellowship which was successfully accomplished. Cosmic bowling is done under black lights, fog generators, disco lights and loud music. It is typically only on Saturday evenings starting at 2200 and ending in the wee hours. It takes about two hours for three games and breaks for snacks.

Lessons Learned:

Reservations can be made at the Centreville Bowl America for groups of 16 or more. The Fairfax Circle location is smaller but will take reservations for smaller groups. Take a digital camera.
