

Christ the King Youth Committee Event Report

Event: P.O.D Concert

Date: 3 November 2001

Location: Nations Nightclub, Washington, D.C.

Time: Departed church at 1700; returned to the church 2300

Attendance: 15 Youth and 2 Adults (see below)

Summary:

Fifteen High School youth and two adults went to see Payable on Death (P.O.D.) at Nations nightclub. The objective was to have a fun night of fellowship, which was successfully accomplished. One fifteen-passenger van was rented to carry the whole group. The group departed the church at 5:15 p.m. on Friday. Though doors opened at 7:00, there was a long line outside at 6:00 when we arrived. It is good to get there early like we did in order to get close to the front on the main floor. Once inside, all the youth stood the whole time on the main floor shoulder to shoulder with everyone else. The adults stood in the upper level which was less crowded and afforded a view of the youth. The youth had a blast on the floor jumping and singing to the music. Mosh-pits developed where youth would bounce in, around, and out of. There was plenty of free water plus bars selling soda. Though the music was hard rock, the acoustics in the club were excellent.

Lessons Learned:

Adults need to dress down to blend in more. Jeans and black t-shirts were the norm. Renting the van worked out real well with everyone enjoying the trip to and fro.
